Soft Skills: Team Management, Communication, Problem-solving, Time Management

Projects

Food Calorie Counter

- Developed a web-based application to track daily calorie intake and exercise. Implemented dynamic input fields, real-time calorie calculations, and an interactive UI using HTML, CSS, and JavaScript.
- Enhanced user experience with responsive design, error handling, and a visually appealing interface.

AI Mood-Based Music Recommender

- Frontend: Streamlit · CSS · Lottie Animations | Backend: Python · DeepFace · OpenCV
- Designed a sleek, interactive UI using **Streamlit** with **custom CSS** and **Lottie animations** to enhance user experience.
- Integrated **webcam-based selfie capture**, language selection, and YouTube video embedding directly into the app interface.

- Built responsive components for real-time feedback and smooth song transitions, ensuring seamless user interaction..

Certifications

- Frontend Developer Certification – Infosys SpringBoard
- CS50P: Introduction to Programming with Python – Harvard University (edX)

Internships

Full Stack Java (Virtual) – Excelr Edtech Pvt. Ltd.

Duration: 6 weeks

Description: Gained hands-on experience in Java, Spring Boot, REST APIs, and front-end development. Built and deployed full-stack applications.

Cloud Virtual Internship (Virtual) – AWS Academy (EduSkills)

Duration: April – June 2024 (10 weeks)

Description: Learned AWS cloud fundamentals, services, and deployment strategies. Worked on cloud-based projects and hands-on labs.

Areas of Interest

- Programming
- Web Development

Accomplishments

- Participated in technical events and the Smart India Hackathon, developing innovative solutions and teamwork skills.
- Successfully completed multiple job simulation programs from top MNCs.
- Developed innovative projects showcasing problem-solving skills.
